

CLINTON HILL NEIGHBORHOOD COUNCIL
26 Shanley Avenue
Newark 8 New Jersey

April 10, 1961

Dear Block-Branch Officer,

You may have heard from other block-branch leaders who attended, how wonderful was last month's meeting of the block leader's committee. The council's executive committee attended and a host of questions about the conduct of the council's affairs was raised.

I should again like to invite you to attend what promises to be another first-rate meeting of the block leader's committee:

Monday, April 17, 8 p.m.
Hopson residence
166 Ridgewood Avenue
(Between W. Runyon and W. Bigelow)

The elected officers and committee chairmen of the council will again be present. We expect there will be further discussion and clarification on such points as

What has the council accomplished?
How can I get better attendance at block meetings?
How will this Urban Renewal affect us?
Where is the council weak, and how can it be strengthened?
What are other block-branches doing?

Do not let lack of a ride keep you away. Call one of these numbers if you want a lift to the meeting -

BI 2-7007,	BI 3-6880,
ES 1-2768	TA 4-2784
BI 8-2853	BI 2-0794

Above all, bring another person from your block-branch with you, preferably one of the officers.

Unless you are there, you can't help the rest of us and we can't help you!

Sincerely,

Stan Winters

Stanley B. Winters
President
